

ASpace Implementation Buddies:

Buddying up with Budding Users

Christine Kim
August 14, 2018

Mentors

- Be an expert on everything
- Have experienced everything
- Know the answer to everything
- Knowledge that expands to the edges of the universe
- And put their proteges ahead of their own self-care

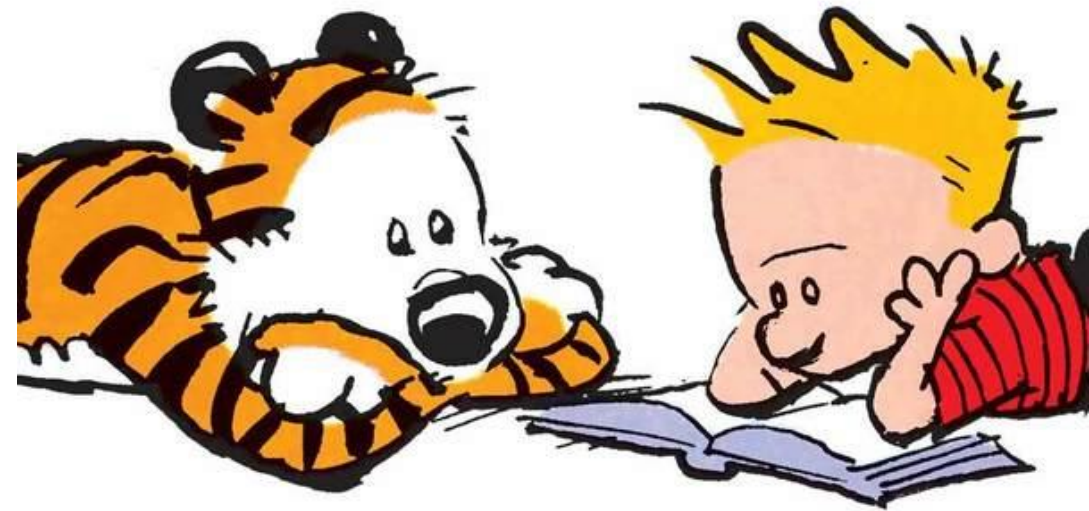

ArchivesSpace Implementation Buddies

What is an “Implementation Buddy”?

- Someone you can talk to about your challenges
- Someone who can help you brainstorm
- Someone you can help brainstorm
- Someone who may have distinct experiences to yours
- Someone who may offer diverse perspectives from yours
- Someone you can confide in
- Someone who won't judge you
- Someone who complements you
- Someone who compliments you

An “Implementation Buddy” is...

Essentially, a friend who will stick with you as you try new things.

**How do you find your
buddy?**

Member Directory – Data Collection

ArchivesSpace Member Directory

The ArchivesSpace Member Directory will bring together information about our diverse ArchivesSpace member community and use of the ArchivesSpace application. We hope the compiled directory will help you identify others in similar situations or facing similar challenges to your own as well as provide a way for all of us to better engage each other for questions, ideas, and insights.

The information collected will be shared in an area available only to ArchivesSpace members. Aside from publicly available information about institutions like names and locations, information about the use of ArchivesSpace will be shared only for those who consent to have it included.

Most questions are optional. Please feel free not to answer anything you cannot answer or do not feel comfortable answering.

* Required

About your institution

Institution name *

Your answer
