*Am*

**U. S. Department of Agriculture,  
Weather Bureau.**

Office of Chief of Bureau.

Washington, D. C.

May 5, 1903.

*Am*  
Prof. George E. Hale,

Director, Yerkes Observatory,

Williams Bay, Wis.

Dear Dr. Hale:-

I have just received the enclosed letter and announcement from the Sierra Club of <sup>the Sierras</sup> California. You will not be surprised to learn that probably neither time nor money will be available to me and that I must personally decline the invitation. But you will perceive that it offers an ideal opportunity to make a preliminary survey of Mount Whitney with a view to the establishment of our proposed observatory for astrophysical research, and something should be done to interest the Sierra Club in our project. If you yourself have received a similar invitation, I hope that you will accept it. If you have not, I will do my best to see that you get one, either for yourself personally or for any representative of the Observatory that you may choose to select. Please return the enclosures and let me hear from you soon.

Yours truly,

*Cleveland Abbe*

Prof. &amp; Editor.
