Scripts + APIs For-The-Win

1. Query the CONTENTdm API for all the objects
2. Query the ArchivesSpace API for archival objects matching:
 - Collection ID
 - Title
3. Filter results based on date matches and report
 - Exact matches?
 - Possible matches?
 - No matches?

Don Arden Papers (MS-00425) Test Results

CONTENTdm Objects	268
Failed due to poor date data-entry	3
Failed due to dropped diacritic	1
SUCCESS RATE	98.5%

Additional Test Results

Jerry Jackson Papers (MS-00573)	94.1% (538/572)
Sands Hotel Public Relations Records (MS-00417)	52.3% (367/702)

Scripts + APIs For-The-Win (Again)

1. Query the CONTENTdm API for all the objects
2. **Create an ArchivesSpace Digital Object for each**
3. Query the ArchivesSpace API for archival objects matching:
 - Collection ID
 - Title
4. Filter results based on date matches
 - Exact matches? → **Make a Digital Object Instance**
 - Possible matches? → **Report**
 - No matches? → **Report**

June 14
1985

Greetings!

Mr. Donn Arden (Donald Duck) Arden!

This will be brief, because actually I don't know just WHERE this will find you - at home overlooking The P. Palisades, THE WDO a Parer, The Palladium, Reno, New Yorker, The Look out House,

It has been such a long time since I'd seen you, although the TIME story on you and your show, had you looking "younger than Springtime," and, brought back fond memories . . .

I send the enclosure to, perhaps, help refresh your recollection of Anthony . . . and, if you should ever come this way - Remember you have a friend in Naples. From The Club Commodore, in Detroit to "the MGM GRAND;" you've come a long way, ami!

Sincerely
Ed. Anthony

2850 LEEWARD LANE, NAPLES, FL. 3394

Better yet, plan ahead:

record the Ref ID (or URI) in your metadata.

That makes title matching unnecessary.

Thank you.
